

**GreenGold [www.greengold.fi](http://www.greengold.fi) is a forest investment company specializing in long-term forest ownership and management. The goal is sustainable and profitable forest ownership that ensures predictable long-term returns. We are part of the GreenGold Group, which currently owns a total of about 60,000 ha of forests in seven European countries. [www.greengold.se](http://www.greengold.se)**

**As our operations expand, we are looking for two people to strengthen our team in real estate acquisition and management:**

#### **OPERATIONAL RESPONSIBLE**

**Your task is to organize and coordinate the planning, implementation and monitoring of the company's timber trade, forestry and other work. In addition, your responsibilities include using and developing the company's operational information systems.**

**We require training appropriate to the task, good interaction skills and the ability to work independently and purposefully. We value your experience in planning and implementing forestry operations. You must have experience in utilizing and developing forest information systems. Experience in the forest real estate market and working with forest owners is considered an advantage. You are systematic and you dare and want to take action. Work requires travel. You will have practical oral and written English language skills.**

#### **FOREST PROFESSIONAL**

**Your job is to be responsible for the purchase of forest properties in your area and the overall management of the acquired forests.**
